

First beamer slides

Anya Steinhart

January 30, 2018

Add your markdown text, etc. etc. for display on the screen, but remember, these are **slides** so we don't want too much text

Second Slide

- First incremental bullet point

Second Slide

- First incremental bullet point
- Second incremental bullet point

Second Slide

- First incremental bullet point
- Second incremental bullet point
- Third incremental bullet point

Third slide

- first simultaneous bullet point
- second simultaneous bullet point
- Third simultaneous bullet point

Let's see some R

Colored Bullet Points

- Collection mode
- Spatial and temporal
- Taxonomic Bias
- Sampling
- more stuff

Pulling in Images

Choose a point on the unit circle. Connect it to the origin with a line of length one, and denote the angle between that line and the horizontal coordinate axis by θ .
